

be SaaSy at work:

SOFTWARE AS A SERVICE - YOUR FIRM'S LATEST ASSET

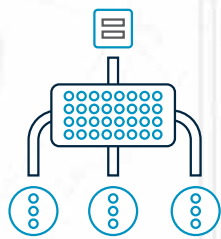

saasset
for the SaaSy advisor

Saasset is Australia's only company utilising the power of innovative technology to deliver accurate accounting software comparison recommendations to the financial sector.

OUR CLOUD BASED SYSTEM CAPTURES AND ANALYSES VARIOUS SOFTWARE OPTIONS AND CAPABILITIES, AND COMPARES THESE TO THE NEEDS OF YOUR CLIENT, THE BUSINESS OWNER.

Simply choose the best option for you and your client and your fully customisable white labelled recommendation report, implementation plan, training plan and quote will be emailed to you instantly.

SOFTWARE AS A SERVICE - YOUR FIRM'S LATEST ASSET

easy data

Easy data input - you fill in the details, or email it to your client to complete. Hit **Go Saas** and receive the comparison report instantly.

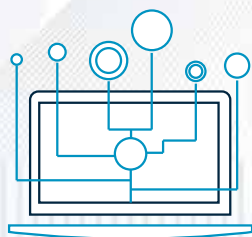

instant access

Produce a white-labelled customisable recommendation report, implementation and training plan and quote in minutes.

save time

Save time and increase your service offering. Empower your staff to do advisory work, knowing Saasset is current with updates & features.

flexible input

Send the overview form to your client, allocate to staff, complete on the spot, fill in details a bit later. It can all be done.

cloud based

No time consuming software installations or IT management required. Simply buy your user licence and start today.

painless pricing

Pricing is a monthly subscription based on total number of users. The amount of reports you can produce is limitless.
